

EPPIC

Exchanging Prevention practices
on Polydrug use among youth in
Criminal justice systems

Final conference

13-14 February 2020

Middlesex University

Co-funded by
the Health Programme
of the European Union

Conference aims

The conference will:

- Present the study research findings, reflecting the perspectives of young people who use drugs and are in contact with criminal justice system and of the practitioners who work with them;
- Present a set of quality standards to inform and guide the development of services and projects for this target group;
- Provide a knowledge exchange and networking opportunity for stakeholders interested in policy and practice regarding the prevention of problem drug use among young people in touch with criminal justice services.
